EST. 1939

Pictured on front cover:
Original sketch of La Bomba Brooch,
created by Fulco di Verdura in 1951 for a
renowned art collector and philanthropist.

La Bomba Brooch

Distinctively Verdura

Fulco di Verdura created jewelry that broke with tradition — elegantly and exuberantly.

Springing from the vast archive of his meticulous sketches, each piece came to fruition precisely as he envisioned it.

Marrying a remarkable aesthetic sense with formidable craftsmanship, he yielded astonishing results: witty and whimsical jewelry, tantalizing to the eye and always flattering to the wearer.

Phoenix Brooch
